# TECHNICAL SPRAYS FOR WORKSHOPS

# TECHNICAL SOLUTIONS

Valvoline offers a great range of high quality technical sprays that work as problem solvers. From maintenance products and cleaners to tools for dismantling and assembly. These are essential products any workshop must have.

TRUSTED FOR 150 YEARS™

## TOOL

## ASSEMBLY

## CAR CARE

### PROTECTION

#### Valvoline V-Belt Spray

High quality spray to protect V-Belts and to treat and prevent slipping.

##### APPLICATIONS

Vehicles; Machinery; Conveyor belts; Agricultural Machinery; Drill; Presses; Concrete mixers; Lathes; Lawn mowers; Generators; Compressors; Forklift trucks; Pumps; Milling machines

##### PRODUCT CHARACTERISTICS

- Remedies and prevents slipping and creaking
- Excellent adhesion
- Lasting protection
- Dilutant
- Resistant to weather influences
- Conditions V-Belts
- Delays the wear of V-Belts
- Directed jetspray

#### Valvoline Silicone Spray

High quality silicone spray to lubricate and protect plastic or rubber parts.

##### APPLICATIONS

Door rubbers; Creaking plastic parts; Dashboards; Bumpers; Sunshine roofs; Rails (caravan, blinds); Sliding doors; Saw blades; Remove agents for moulds

##### PRODUCT CHARACTERISTICS

- Excellent adhesion
- Water-repellent
- Prevents freezing and drying out of rubber parts
- Prevents creaking and squeaking of plastic parts
- Outstanding mechanical and thermal stability
- Resistant to weather influences
- Resistant to weak acids and bases
- Directed jetspray

#### Valvoline Electro Protect

High quality electro protector to prevent starting problems caused by moisture.

##### APPLICATIONS

Switches; Spark Plugs; Batteries; Printed Circuit Board Switches; Multiple sockets; Distributor caps; Cables; Fuses; Electric tools; Plugs; Electric systems, which should be protected for moisture

##### PRODUCT CHARACTERISTICS

- Water-repellent
- Moisture repellent
- Good penetrating properties
- Excellent adhesion
- Excellent corrosion prevention
- Resistant to water, salt and weak acids and bases

### LUBRICATION

#### Valvoline PTFE Dry

High quality dry, surface lubricant to treat mechanical parts of metal and plastic, where no residues of oil or grease are desired.

##### APPLICATIONS

Rails; Folding Roofs; Door locks; Safety belts; Zippers; Wipers; Towing hooks; Seat rails; Oven hinges; Window rails

##### PRODUCT CHARACTERISTICS

- No residues of oil or grease (dry film)
- Very low friction factor
- Excellent adhesion
- Prevents wear and sticking
- Suitable for parts which are liable to light load and low speed
- Resistant to weather influences
- Suitable as release agent for moulds, where the use of silicones is not desired
- Directed jetspray

#### Valvoline PTFE Spray

High quality lubricant to treat mechanical parts of metal and plastic.

##### APPLICATIONS

Chains; Gear wheels; Door hinges; Industrial vacuum pumps; Rails; Conveyors; Sliding door guides; Fastenings; (Agricultural) Machinery; Rubber/Seals

##### PRODUCT CHARACTERISTICS

- Outstanding mechanical and thermal stability
- Very low friction factor
- Excellent adhesion
- Prevents wear and sticking
- Resistant to weather influences
- Resistant to weak acids and bases
- Fine structure (particle size approximately 5 micrometer)
- Water-repellent
- Directed Jetspray

#### Valvoline White Grease

High quality spray grease to lubricate mechanical parts of metal or plastic.

##### APPLICATIONS

Metal to metal connections; Roller bearings; Metal to plastic connections; Sliding bearings; Door hinges; Ball bearings; Springs Stabilization rubbers; Shock absorbers; Worm wheels

##### PRODUCT CHARACTERISTICS

- Outstanding mechanical and thermal stability
- Excellent adhesion
- Prevents wear and sticking
- High viscosity
- Resistant to weather influences
- Resistant to weak acids and bases
- Excellent corrosion prevention
- Water-repellent
- Contains PTFE (polytetrafluoroethene)
- Directed jetspray

#### Valvoline Multi Spray

High quality universal oil to lubricate, protect and clean parts of metal and plastic.

##### APPLICATIONS

Chains liable to light load; Fastenings; Locks; Tools; Garden Tools; Machinery; Fasteners (screws, bolts and nuts); Motions; Pedals; Hometrainer; Skelters, Skates, Skateboards

##### PRODUCT CHARACTERISTICS

- Good penetrating properties
- Moisture repellent
- Removes oil, grease, wax, underbody coating and tar
- Cleansing effect
- Corrosion preventive
- Directed jetspray
- After cleaning, a protective film remains

#### Valvoline Synthetic Chain Lube

High quality synthetic chain lube. The chain lube has an excellent lubrication behavior. Especially suitable for high-speed chains.

##### APPLICATIONS

For all types of (high speed) chain drives such as bicycles, motorcycles and mopeds

##### PRODUCT CHARACTERISTICS

- Low friction factor for minimal resistance
- Water-repellent
- Prevents wear
- Resistant to weather influences
- Reduces the adhesion of dirt

#### Valvoline Industrial Chain Grease

High quality spray to lubricate chain-driven transmissions, which are liable to heavy load.

##### APPLICATIONS

Chains; Chain driven transmissions, liable to heavy load; Conveyors

##### PRODUCT CHARACTERISTICS

- To be processed like oil, with the properties of grease
- Outstanding mechanical and thermal stability
- Good adhesion
- Dilutant
- Prevents wear and sticking
- Resistant to weather influences
- Resistant to weak acids and bases
- Water-repellent
- Directed jetspray

## CLEANING

### Valvoline Glass Cleaner

High quality spray to clean windscreens and mirrors.

**APPLICATIONS**  
Windows (glass and plastic); Mirrors; Whiteboards; Counters; Furniture

**PRODUCT CHARACTERISTICS**  
- Cleaning and de-greasing  
- High dissolving properties  
- Foam

### Valvoline All Purpose Cleaner

High quality citrus cleaner to remove grease, tar, oil, wax, ink, resin, stickers and residues of glue from parts of treated and untreated metal, wood, stone and various types of plastic.

**APPLICATIONS**  
Machine Parts; Garden Tools; Garden Furniture; Wooden Parts; (Car) Windows; Floors and walls; Axles

**PRODUCT CHARACTERISTICS**  
- High dissolving properties  
- Slow evaporation  
- Leaves no residue  
- Non-corrosive

### Valvoline DPF Cleaner

Tool to loosen and remove ash deposits in diesel-particle filter systems, without disassembly.

**APPLICATIONS**  
Diesel-particle filter systems

**PRODUCT CHARACTERISTICS**  
- Fast-acting  
- Free from solvents  
- Non-corrosive  
- Non-flammable

### Valvoline Contact Cleaner

High quality spray to clean electrical contacts.

**APPLICATIONS**  
Switches; Batteries; Contact Points; Printed Circuit Board Switches; Multiple Sockets

**PRODUCT CHARACTERISTICS**  
- Powerful jetspray  
- Leaves no residue  
- High dissolving properties  
- Non-conductive

### Valvoline Industrial Cleaner

High quality universal cleaner to remove a-polar and polar contaminations from parts, treated and untreated, of metal and various types of plastic.

**APPLICATIONS**  
Bearings; Machine Parts; Gear Wheels; Garden Tools; Locks; Garden Furniture; Cylinders; Wooden Parts; Rails; (Car) Windows; Fastenings; Floors and walls; Axles

**PRODUCT CHARACTERISTICS**  
- Powerful jetspray  
- Leaves no residue  
- High dissolving properties  
- Fast evaporation  
- Non-conductive  
- Non-corrosive

### Valvoline Carburettor Cleaner

High quality cleaner for the interior and the exterior of carburettors and valves, without disassembly.

**APPLICATIONS**  
Carburettors; Valves

**PRODUCT CHARACTERISTICS**  
- Directed jetspray  
- Leaves no residue  
- High dissolving properties  
- Non-corrosive

### Valvoline Airco Cleaner

High quality cleansing foam to condition the air-conditioning in motor vehicles.

**APPLICATIONS**  
Air Conditioning

**PRODUCT CHARACTERISTICS**  
- Effective cleaning foam  
- Subtle scent  
- Optimizes the functioning of the air-conditioning  
- Prevents malfunction

### Valvoline EGR Cleaner

High quality exhaust gas recirculation cleaner, to dissolve deposits in Air Intake valve, air intake system, manifold and inlet valves. To restore air flow to engine, improving power and acceleration and reducing exhaust smoke.

**APPLICATIONS**  
EGR valve; Air intake system; Manifold; Inlet valve

**PRODUCT CHARACTERISTICS**  
- Prevents the deposit of resin  
- Fast-acting  
- Leaves no residue

### Valvoline Power Brake Cleaner

High quality brake cleaner with high dissolving properties. Extra pressurized aerosol around 8 bar instead of regular 4 bar.

**APPLICATIONS**  
Drum Brakes; Disc Brakes; Brake Linings; Brake Callipers; Brake Shoes

**PRODUCT CHARACTERISTICS**  
- Powerful jetspray; ± 8 bar  
- Excellent dissolving property  
- Leaves no residue  
- Non-conductive  
- Non-corrosive

### Valvoline Brake Cleaner

High quality brake cleaner with high dissolving properties.

**APPLICATIONS**  
Drum Brakes; Disc Brakes; Brake Linings; Brake Callipers; Brake Shoes

**PRODUCT CHARACTERISTICS**  
- Excellent dissolving property  
- Leaves no residue  
- Non-conductive  
- Non-corrosive

### Valvoline Brake Cleaner 5L

High quality brake cleaner with high dissolving properties. To process with the special air pressure can.

**APPLICATIONS**  
Drum Brakes; Disc Brakes; Brake Linings; Brake Callipers; Brake Shoes

**PRODUCT CHARACTERISTICS**  
- Excellent dissolving property  
- Leaves no residue  
- Non-conductive  
- Non-corrosive

### Valvoline Brake Cleaner 25L

High quality brake cleaner with high dissolving properties. To process with the air pressure can.

**APPLICATIONS**  
Drum Brakes; Disc Brakes; Brake Linings; Brake Callipers; Brake Shoes

**PRODUCT CHARACTERISTICS**  
- Excellent dissolving property  
- Leaves no residue  
- Non-conductive  
- Non-corrosive

## CAR CARE

### Valvoline Cockpit Spray Foam

High quality cockpit spray to clean, protect and embellish the dashboard and other plastic parts in the car.

**PRODUCT CHARACTERISTICS**  
- Waterbased foam  
- Excellent cleansing properties  
- Leaves no residue, not even on windscreens  
- Artistic  
- Subtle scent

### Valvoline Airco Refresher

High quality effective spray to refresh the air conditioning and air circulation system in vehicles.

**PRODUCT CHARACTERISTICS**  
- Very easy to apply  
- Very effective  
- Subtle orange scent

## TOOL

### Valvoline Motor Start

High quality tool for starting problems with internal combustion engines.

**APPLICATIONS**  
Diesel engines; Petrol engines

**PRODUCT CHARACTERISTICS**  
- Fast-acting  
- Ether-based  
- Misty spray pattern

### Valvoline Leak Detector Spray

High quality spray to trace leakages in gas pipes, tyres, etc.

**APPLICATIONS**  
Compressors; Gas pipes; Air pipes; Tyres

**PRODUCT CHARACTERISTICS**  
- DVGW certified  
- Non-flammable  
- Can be removed with water  
- Non-corrosive  
- Environment-friendly  
- Slightly basic  
- High yield

### Valvoline Zinc Spray

High quality zinc spray to treat galvanised and untreated steel.

**APPLICATIONS**  
Galvanised and untreated steel

**PRODUCT CHARACTERISTICS**  
- Fast drying  
- Good filling property  
- Outstanding cathodic corrosion prevention  
- Resistant to petrol, chemicals and weather influences  
- Spot-weldable  
- Excellent adhesion

### Valvoline Gasket Remover

High quality spray to fast and easily remove dried adhesives and seals, as well as hardened sealing material from car and machine parts.

**APPLICATIONS**  
Cylinder Heads; Gear Boxes; Exhausts; Crankcases; Sanitary Fittings; Water and oil pumps; Electro engines

**PRODUCT CHARACTERISTICS**  
- User-friendly  
- High dissolving properties  
- Optimum effect in view of high viscosity  
- Non-conductive  
- Slight gel structure  
- Non-corrosive  
- Directed jetspray

### Valvoline Cut & Drill Lube

High quality oil to prevent over-heating of metals in cutting and drilling activities.

**APPLICATIONS**  
Cutting; Sawing; Turning; Milling; Drilling

**PRODUCT CHARACTERISTICS**  
- Protects and lubricates the tool  
- Reduces wear of the tool  
- Silicone-free  
- Non-corrosive

## ASSEMBLY

### Valvoline Vaseline Spray

High quality transparent, universal lubricant and preservative.

**APPLICATIONS**  
Battery poles; Audio controls; Fasteners (screws, bolts, nuts and nails); Antennas; Electrical Connections; Protection for ultra light material (ultra light planes, wind turbines)

**PRODUCT CHARACTERISTICS**  
- Water-repellent  
- Excellent adhesion  
- Prevents wear and sticking  
- Can be used in the food industry  
- Resistant to weather influences  
- Resistant to weak acids and bases  
- Excellent corrosion prevention  
- Misty spray pattern

### Valvoline Copper Spray

High quality spray with an extra high copper content to prevent wear and sticking of screwed connections which are exposed to very high temperatures.

**APPLICATIONS**  
Brake parts; Exhaust parts; Screwed connections, which are exposed to high temperature; Battery Poles; Thread of Spark Plugs

**PRODUCT CHARACTERISTICS**  
- High thermal stability  
- Resistant to chemicals and weather influences  
- Corrosion preventive  
- Excellent adhesion  
- Prevents wear and sticking  
- Simplifies the future removal  
- Directed jetspray

### Valvoline Penetrating Oil

High quality effective spray to loosen rusted parts.

**APPLICATIONS**  
Fastenings Tools; Screwed connections; Rails; Gear wheels; Chains; Locks; Garden tools; Fasteners (screws, bolts and nuts); Reels

**PRODUCT CHARACTERISTICS**  
- Good penetrating properties  
- Contains graphite and MoS2  
- Moisture repellent  
- Corrosion preventive  
- Powerful jetspray

### Valvoline Glue Spray

High quality glue for both permanent and temporary adhesion. Suitable to glue paper, cardboard, wood, textile and various types of plastic.

**APPLICATIONS**  
Paper; Cardboard; Wood; Textile; Cork; Leather; Various types of plastic

**PRODUCT CHARACTERISTICS**  
- Suitable to glue large surfaces  
- Fast drying  
- User-friendly  
- Spray pattern about 10 centimetre wide

### Valvoline Ceramic Grease

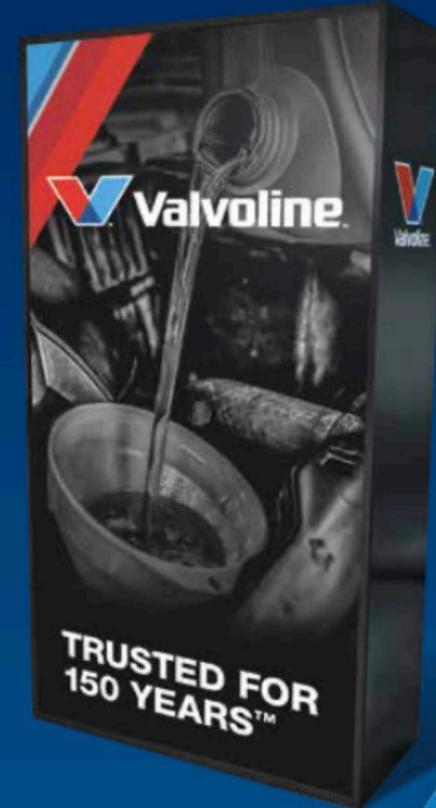

High quality metal-free ceramic grease, to treat parts which are liable to heavy workload and/or which are exposed to very high temperatures.

**APPLICATIONS**  
ABS brake systems; Lambda sensors; Brake parts; Exhaust parts; Screwed connections, which are exposed to high temperature; Industrial ovens

**PRODUCT CHARACTERISTICS**  
- Protects against electrolytic corrosion  
- Resistant to chemicals and weather influences  
- Resistant to water, salt and weak acids and bases  
- Excellent adhesion  
- Prevents wear and sticking  
- Extremely suitable to mount ABS brake systems and lambda sensors  
- High thermal stability  
- Directed jetspray  
- Simplifies the future removal

# WORKSHOP CABINET

TRUSTED FOR 150 YEARS™

Dimensions:  
2200mm x 1200mm x 500mm

\*All pictures shown are for illustration purpose

**Tectyl Cavity Wax Amber** - with attachment

TECTYL Cavity Wax Amber with attachment provides corrosion protection to door panels, side sills and frames via a waterdisplacing, translucent amber coloured wax coating.

Material number
887096

**Tectyl Cavity Wax Non Solvent** - with attachment

TECTYL Cavity Wax Non Solvent with attachment provides corrosion protection to door panels, side sills and frames via a water-displacing, translucent wax coating.

Material number
890842

**Tectyl Stone Chipping Black**

TECTYL Stone Chipping Black is a solvent cutback, rubber / resin based corrosion preventive compound recommended for protection of ferrous metals and the undersides of cars, trucks and trailers against corrosion and abrasive damage.

Material number
887112

**Tectyl Underbody Coating Bronze**

TECTYL Underbody Coating Bronze is a solvent cutback, wax / asphaltic based, corrosion preventive compound. The product is suitable to be applied to the underbody of vehicles.

Material number
887095

**Tectyl Multipurpose Amber**

TECTYL Multipurpose Amber is a wax based, solvent cutback corrosion preventive compound.

Material number
887100

**Tectyl Multipurpose Waterbased**

TECTYL Multipurpose Waterbased is a versatile, transparent, corrosion preventive coating.

Material number
887111

**Tectyl Multipurpose Transparent**

TECTYL Multipurpose Transparent is a colorless versatile corrosion preventive for automotive, industrial, marine and domestic use.

Material number
887099

Wherever corrosion protection is needed, there we are.

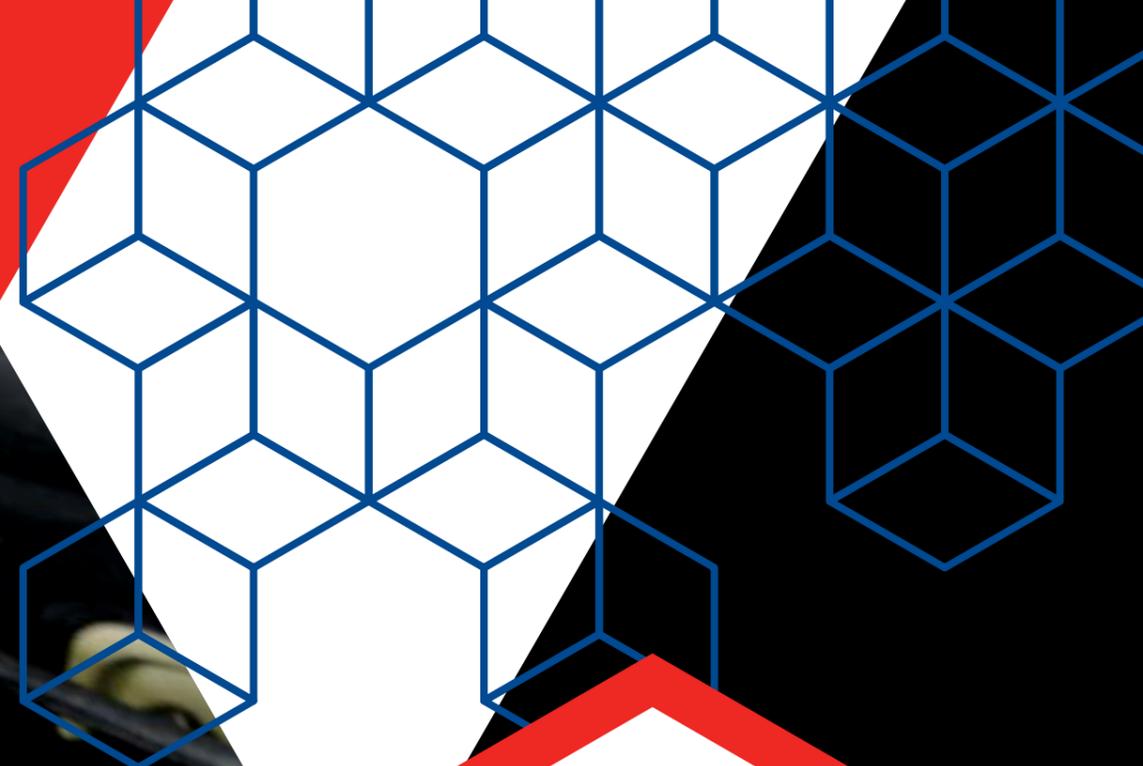

# Tectyl™

Born to protect.

EFFICIENCY YOUR  
DIFFERENTIATOR!**

## Innovation leads to seamless collaboration

Modern fluid management systems track bulk fluid activities and monitor inventory from storage tanks to dispense meters – from the service bay to the back office – so key stakeholders can share information in real time and make decisions that improve productivity and profitability for the entire organisation.

**Pulse Hub.** Simply connect the Pulse Hub to a power source 220/230V and access your local network to get started – without software or a PC. Access monitoring and reporting tools instantly from any network-connected, web-enabled device, including a PC, tablet or smartphone.

**Pulse Software.** Get a quick, consolidated view of all dispensing for the entire shop via specially-designed, web-enabled and easy-to-use software. Track tank levels at a glance. Generate customisable reports and automated email alerts to share critical information instantly with other key decision makers.

**DMS Integration.** Integrate fluid management with popular DMS to help validate work orders. With every pour, data is recorded and delivered to the DMS, where other users can access the information to improve decision-making throughout the shop.

**Pulse Dispense Meter.** Technicians can enter pin codes and other data quickly on the heavy-duty meter's large, intuitive display. Or, they can flash an NFC tag to the screen to get started – and all data is tracked directly to the meter, technician and work order.

**Pulse Tank Level Monitor.** Record tank levels automatically with an ultrasonic sensor. Customised daily reports detailing volumes, discrepancies, alerts and more can be sent instantly to key stakeholders.

**Pulse Pump Air Controller.** Shut off air to the pump automatically when not in use to prevent broken lines or draining tanks from leaking fluid (and costs) all over the shop floor.

**Extender.** Choose from multiple devices to extend the reach of Pulse throughout your facility.

**Roll Around.** Dispense fluids anywhere in your shop without compromising security or productivity. Technicians can use the sturdy drum cart to transport 200L (55-gallon) containers to the dispensing site easily without assistance or delays.

## About Us

Sizonke Trading was established in Nelspruit and incorporated specialised product ranges progressively over the years. A focused drive to provide better products and service beyond the customers' expectations has secured Sizonke Trading a place in the local industry. We pride ourselves on getting the job done well, while maintaining excellent customer service. The company works with customers to provide the solutions that help industry run more reliably, efficiently and economically.

We pride ourselves in our ability to give our all in order to ensure your satisfaction. We want to bring the best products that the industry has to offer to you. We aim to bring a solution for every project!

We are known throughout the world for providing top-notch service and support.

**IS TO INCREASE  
PRODUCTIVITY AND  
RELIABILITY THROUGH  
EXCEPTIONAL  
SERVICE AND EXPERTISE, AS  
WELL  
AS BECOME WORLD PRODUCT  
LEADERS.**

Why  
Us?
